

Interactive Conflict Resolution Workshop

The Canadian Institute for Conflict Resolution (CICR) has a mission to empower individuals, communities and organizations to resolve conflicts peacefully. CICR invites you to this two-hour event which features a short video on “What is conflict?” followed by an interactive workshop on conflict resolution. You will learn about transformative approaches and tools to analyze and work through conflicts experienced within family, community and the workplace, and we will share success stories about challenging conflicts in Canada and abroad.
