# DamNation (87 min)

Sylvia Parker and Judith Matheson are creating this event on behalf of [www.freethefalls.ca](http://www.freethefalls.ca). Let us hold the Ontario Municipal Board accountable to hear the voices of citizens. Asking that this sacred undeeded land not be allowed to be rezoned for condominiums but honoured for the vision of the late Algonquin Spiritual leader Grandfather William Commanda. To have this sacred space as a meeting place for healing and hearing the voices of all the elders to help us all steward this sacred land for our grandchildren's grandchildren. This movie is about the possibility of freeing the Ring Dam from the imprisoned Ottawa River.
